The Company's Environmental Policy is to be a responsible corporate organisation in protecting the environment.

'Rojac Urethane Ltd conducts its business in a way that is environmentally, ethically and socially responsible. Our environmental policy is at the forefront of our daily operations. Corporate responsibility is inextricably linked to the reputation and commercial performance of the business'

Achieving Environmental Policy

- Comply with accepted environmental practices, including the commitment to meet or exceed applicable legal and other requirements.
- Strive for continual improvement in our Environmental Management System.
- Minimise the creation of waste and pollution.

Rojac Urethane Ltd pledges to implement and operate an Environmental Management System to further enhance environmental performance. To minimise the environmental impacts concerning our activities, products and services, Rojac shall:

- Use less hazardous and toxic chemicals wherever possible.
- Reduce, reuse and recycle waste and packaging.
- Recycle waste and scrap foam back to chip foam for carpet underlay.
- Improve the efficiency of our energy usage.
- Educate, train and motivate employees to carry out tasks with consideration for environmental impacts.
- Encourage environmental protection among suppliers and subcontractors.
